

Blend X3 Super Tuscan 2016

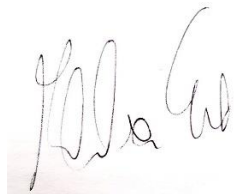

Enchanting Tuscan cuvée and very representative of the territory it belongs to.

Elegance and verticality are definitely the keys to reading this wine, where the important sour shoulder, together with subtle and complex tannins, manages to give depth and freshness to the wine.

On the first floor, the small red fruit, which accompanies a mix of vegetal and spicy notes that give a great freshness and complexity to the aromatic olfactory spectrum.

X3 is a particularly complex and well-structured wine, also because it manages to enhance the varietal characteristics of the assembly screws, guaranteeing an excellent impression of territorial identity.

At the end, a slight savory perception, accompanied by a very strong minerality, followed by a long and refined persistence. A wine suitable for gastronomy, which accompanies complex and refined dishes, managing to range from fish to meat.

Eros Teboni – WSA Best Sommelier of the World 2018.
